GREAT IMPROVEMENT IN DENTISTRY.

The attention of the public is called to a great discovery in Dentistry.

THE GREATEST ADVANCE STEP EVER MADE IN THE ART.

The main difficulty in wearing artificial teeth is, they do not hold in their place firmly enough, and add to this the annoyance of food getting under the plate while eating. I have discovered a method of so constructing the plate on which the teeth are set that they will not start or drop while eating or speaking, neither will any particles of food get under the plate, no matter what the condition of the mouth is, which is not true of any method hitherto used.

I have secured Letters Patent for the United States, England and France.

The improvement is not in material, but in the construction, which secures the atmospheric pressure on the entire plate.

I have sold the exclusive of said improvement to Dr. L. Gilman, to wit, the Counties of Franklin, Washington, Chittenden, Lamoille and Grand Isle. Those wishing to avail themselves of such improvement, will call on

Dr. L. GILMAN,

Claim Agency.

By recent enactments of Congress, all Soldiers who have served three years and have received but \$100 bounty from the United States, or who, having enlisted for three years, were discharged in consequence of the will of the widow, children, or parents of any soldier who enlisted for three years, under a promise of only \$100 bounty, and who died in the service, are entitled to an additional bounty of ONE HUNDRED DOLLARS.

All invalid pensioners who have lost a hand or foot, or have incurred disability equivalent to the loss of hand or foot, are entitled to a large increase of pension.

Claims of the above nature, and for arrears of pay, officers' extra pay, for horses lost in the U. S. service, commutation of rations of prisoners of war and prize money, will be promptly prosecuted by application by letter, enclosing discharge from service, will be attended to and the necessary papers returned to applicant for signature, &c.
